## **NECA 2019 Legislative Conference & Political Leadership Council Summit**

**April 29–30, 2019  
Mandarin Oriental • Washington, D.C.**

Join us in Washington, DC April 29–30 for NECA's 2019 Legislative Conference. This annual meeting is the premiere legislative conference for electrical contractors to hear about the top issues affecting the industry and to meet the leaders who are working to provide real solutions. Our conference is about policy, not partisanship. Accordingly, leading members from both sides of the political aisle will be on hand to brief participants on the latest happenings on Capitol Hill.

During the Conference, we will use our collective voice to advance NECA's top legislative issues on behalf of our industry. Participants will take part in issue briefings and engage with Members of Congress and Washington insiders while gaining a first-hand perspective on the legislative process. Registrants will have the opportunity to meet with their Members of Congress in their offices as well as legislative leaders at our Congressional Reception at NECA's office on Capitol Hill.

## Capitol Hill Visits

We encourage participants to take an active role in the policymaking process and participate in Capitol Hill visits. Constituent meetings with Members of Congress are critical to the success of NECA's advocacy strategy on Capitol Hill. After all, NECA contractors are creating jobs, voting and paying taxes in a member's district—they should hear first hand about your business and what matters to you!

NECA's top legislative priorities for 2019 are aimed at optimizing the business climate in which NECA contractors operate. Advancing these important issues—investment in our nation's infrastructure, empowering and expanding our workforce, and contracting reform—are crucial to the growth and prosperity of our industry. NECA staff will provide advocates with prepared position papers, talking points and preparatory meetings so participants are equipped to discuss these topics.
