

The National Electrical Contractors Association & the Cascade Chapter, NECA, Present:

Basic Estimating of Electrical Construction

Tuesday, June 21st – Thursday, June 23rd 2022 | 8:00 am to 4:00 pm
Cascade Chapter NECA Office – 315 S 3rd St, Ste 200, Mount Vernon, WA 98273

FREE to Cascade Chapter NECA Members
\$990 per-person for Non-Cascade Chapter NECA Members
\$1290 per-person for NON-NECA Members

Small mistakes in an estimate can have a huge impact on your bid's bottom line and this course provides the tools needed to be both comprehensive and competitive. This course will discuss the process for assembling an estimate including: developing material lists, applying labor unit data, material takeoff and application of direct job costs, overhead, and profit.

Following this class, participants will be able to:

- List types of mistakes found when estimating electrical construction projects and how to avoid them
- Describe the parts of an estimate
- Explain the importance of establishing the true cost for a project
- Develop an estimate to provide job management information
- Discuss how labor units can be used to competitively bid projects
- Explain the difference between a competitive bid and simply a low bid

This course will be facilitated by Bob Mooty.
Send in Registration using a Check or Credit Card:

Name _____ Job Title _____
NECA Member Number _____ NECA Chapter Affiliation _____
Company _____ Street Address _____
City _____ State _____ Zip _____
Telephone _____ Unique email _____

**Required for course records*
