Upcoming Classes

Mount Vernon

Introduction to PV Systems

March 23, 2013 • 8AM-4:30PM

PV System Installation

April 13 & 20, 2013 • 8AM-4:30PM

PV System Design

May 11 & 18, 2013 • 8AM-4:30PM

Classes held at:

NW WA ELECT JATC
306 ANDERSON ROAD
MOUNT VERNON, WA 98273

Wenatchee

Introduction to PV Systems

April 2 & 4, 2013 6-10PM

Classes held at:

WENATCHEE VALLEY TECH
SKILL CENTER
327 EAST PENNY ROAD
WENATCHEE, WA 98801

Course Offering from NW WA Electrical JATC

Introduction to PV Systems (8hrs) (WA/OR/AK 8hr CEUs)

No Prerequisite or Text requirement

Course covers the need for renewable energy and the basics of PV systems.

PV System Installation (16hrs) (WA/OR/AK 12hr CEUs)

Prerequisite: Intro to PV Systems

Course covers component operation, installation practices and NEC requirements. Class includes hands on experience installing a working PV system.

PV System Design (16Hrs) (OR/AK 16hr CEUs)

Prerequisites: Intro to PV systems / Required Text \$69.06

Course covers the fundamentals of solar radiation, site evaluation and system sizing & design. Class primarily focuses on grid connected systems.

To Register for courses, complete a Continuing Education Registration Form available at: www.nwejatc.org. The form can be faxed directly to the NW WA Elect. JATC or attached to an email and sent to: theresa.sammons@nwejatc.org
